

Every person who lives in Montrose does so because he or she is drawn to the unique charm of one of Houston's most diverse and exciting neighborhoods. The museums, the antique shops, the restaurants, the nightlife and, most importantly, the residents all contribute to make living in this area so desirable. Unfortunately, one of Montrose's most charming features needs your help.

The Hyde Park Civic Association is asking our neighbors to help restore the historic Dolphin Fountain on the corner of Hyde Park and Waugh. Dating from 1946, this fountain is believed to be one of the oldest continually operating water features in the city. But almost 70 years of Texas summers, along with a colorful life lived entirely in Montrose, has taken a toll on this quirky neighborhood mainstay.

The Dolphin Fountain Restoration Project seeks to return this fountain to its former glory. Plans are now underway to repair the fountain and beautify the area surrounding its base. Landscaping will be enhanced and light features will be added so that you may enjoy the fountain at night.

The project will be supported through tax-deductable gifts kindly given by our neighbors. We ask that you consider participating in this project that will beautify our neighborhood and enhance the overall "Montrose-experience" of living in this wonderful area.
